INFORMATION DISCLOSURE STATEMENT UNDER 37 CFR §§ 1.56, 1.97 AND 1.98

Dear Sir:

Applicants submit herewith an Information Disclosure Statement.

Statement under 37 CFR § 1.97(e)(1)

Applicant submits herewith patents, publications, and other information of which he is aware, which he believes may be material, as defined in 37 CFR §1.56(b), to the examination of this application and in respect of which there may be a duty to disclose in accordance with 37 CFR §1.56(a). While the information referred to in this Information Disclosure Statement may be material pursuant to 37 CFR §1.56(b), the filing of this Information Disclosure Statement is not intended to, pursuant to 37 CFR §1.97(h), constitute an admission that any patent, publication, or other information referred to is, or is considered to be, material to the patentability of this invention. No representation is made that a reference is "prior art" within the meaning of 35 U.S.C. §§ 102 and 103, and Applicant reserves the right, pursuant to 37 C.F.R. § 1.131 or otherwise, to establish otherwise. Further, pursuant to 37 CFR §1.97(g), the filing of this Statement should not be construed as a statement that a search has been made or that no other material information exists.

The materials disclosed in this statement were obtained from the PTO prosecution file on U.S.S.N. 08/844,219, and are the best copies available to Applicant. The Examiner is requested to review the PTO's file in order to ensure that all details relevant to the instant application are considered.

This Information Disclosure Statement is being filed within the period set forth in 37 CFR §1.97(b) because it is believed to be filed before the mailing date of a first Office Action after the filing of a request for continued examination under §1.114.

The Office has waived the requirement pursuant to 37 CFR §1.98(a)(2)(i) for submitting a copy of each cited US patent and each US patent application publication for all US national patent applications filed after June 30, 2003 and for all international applications that have entered the national stage under 35 USC §371 after June 30, 2003. Therefore, no copy of each cited US patent and each US patent application publication is enclosed.

Applicants believe that no fee is required for this submission, but request that any fee which may be required for the papers being filed with this letter be charged to Deposit Account No. 502651. An executed Fee Transmittal form accompanies this submission.

Any telephone call regarding this submission should be made to the undersigned at (416) 865-8121.

Yours very truly,

John C. Hunt
